

November & December **Educational Classes**

Thursday, November 17th

Workers Compensation & Loss Control – 2 Hr Class

Instructor: Paul M. Roberson, ARM, CTP, Regional Loss Control Director, Acadia Insurance

Looking for some best practices that can put your business on track to better control your insurance-related costs? Two areas of your operation are a great place to start: Employee Safety and Contractual Risk Transfer. Both of these areas although very different from each other, are controlled in the same manner - through how well you control insurance costs and how proactive you are in your risk management efforts. Come learn about ways to improve your risk management efforts as they relate to: true costs of losses, employee behavioral modification, impacting change, and managing your exposures when you subcontract work. This will be a roundtable discussion format so that we can maximize your learning opportunity!

We need a minimum of 10 people to hold this class

Time: 8:30 – 10:30 a.m. Cost: \$5/member; \$10/non-member
Location: HBRA Office, 148 State Street, Montpelier

***Please enter the conference room entrance door on the side of the building versus the front entrance.*

Thursday, December 15th

Why use Low VOC & No VOC paints.
